--35. Method of treating a retroviral infection comprising administering an effective amount of a composition of claim 34.--

Remarks

One original independent claim is retained. It is believed that no additional fee is due for entering this amendment and the new claims. If a fee is due, please charge our Deposit Account No. 19-0733 for any deficiency.

Claim 8 and new dependent claims 21-35 are presented for review. Support for these new claims can be found, *inter alia*, in claim 8 and in the related specification on page 37, in Tables 16K, 16M, 16N and 21 and in Examples 16C, 16D, 16E and 16F.

Applicants respectfully submit that claim 8 and newly submitted claims 21-35 are patentable, and urge allowance of these claims and passage to issue of the present application.

Respectfully submitted,

Date: April 8, 1999
